

MEMORANDUM

TO: Governing Board Members

FROM: Tommy B. Strowd, P.E., Director, Operations, Maintenance & Construction

DATE: October 11, 2012

SUBJECT: 4600002745 – Clewiston Field Station Flat Mowing Services

Background:

Maintenance of the Right of Ways is required to ensure that vegetation is controlled at a manageable height and will uphold the operational integrity of the District's flood control system. This project for the Clewiston Field Station area – 202000, will contract approximately 13,234 acres to be mowed on an annual basis. The low responsive and responsible bidder is P&T Lawn and Tractor Service, Inc., at \$14.40 per acre. Since this is a work order contract, the amount of acres to be mowed will fluctuate, based on the weather, budget, and construction projects in these areas.

How this helps meet the 10- year Strategic Plan?

Mowing the District's Right of ways will reduce and control vegetative growth along canal banks which can impede operations, inspections and access to the District's water control facility.

Funding Source:

This is a 3 year work order contract with 2 one-year renewal options, in the amount of \$952,848.00, for which \$190,569.60 in ad valorem funds are budgeted in FY13 and the remainder is subject to Governing Board approval of the FY14-FY17 budgets.

This Board item impacts what areas of the District, both resource areas and geography:

This Board item will impact the Operations and Maintenance of canal and right of ways in the Clewiston Field Station area of responsibility.

What concerns could this Board item raise?

If not mowed and maintained, these areas would become a potential hazard to the public as well as District employees.

Why should the Governing Board approve this item?

This item supports continual operations and maintenance of the District canal system.
