

25 YEARS SERVICE

TIMOTHY ITTENBACH – EXCAVATION/EARTHMOVING OPERATOR KISSIMMEE FIELD STATION, OPERATIONS & MAINTENANCE DEPT.

Since August 1980, Tim has worked for several field stations during his years of service with the District, beginning with the Clewiston Field Station, the Okeechobee Field Station and presently, the Kissimmee Field Station. He is a versatile employee who has worked in various crews and has had multiple working titles throughout the years such as; Field Worker II, Equipment Operator I, II & III, Facility Maintenance Mechanic, Crane/Dragline Operator, and Excavation / Earthmoving Operator.

Tim has worked on many important projects during his years at the District. In the 1980's, he worked on the East Lake Toho muck removal project. In August 1995, Tim assisted with the hurricane Opal flood relief emergency in Calhoun County where he demonstrated his professionalism and dedication by working 12 to 14 hour shifts for a period of 21 days. During the 2004 hurricane season which included four major storms, Tim worked tirelessly over an extended period of weeks to help insure the success of the District's flood control mission in the Kissimmee area of responsibility.

Tim has been the recipient of various recognition awards. Tim is described as being a very conscientious employee; one of the first to arrive at a work site and the last to leave. He completes any given task to be best of his ability and works extremely well with his co-workers. Even though he is a highly talented individual, Tim remains a very humble employee who thinks of others before himself. Thank you Tim for your 25 years of service to the District!
