

MEMORANDUM

TO: Governing Board Members

FROM: Chip Merriam, Deputy Executive Director, Water Resources

DATE: May 22, 2008

SUBJECT: Approve publication of the Notice of Rule Development in the Florida Administrative Weekly (FAW) to amend Chapter 40E-4, F.A.C., and the Basis of Review for Environmental Resource Permit Applications within the South Florida Water Management District (Basis of Review) to implement changes in the listing status of the bald eagle consistent with the Florida Fish and Wildlife Conservation Commission (FFWCC) listing, to update rule citations and definitions and to incorporate any required management plans for the bald eagle into the District's rules in coordination with the other water management districts and the Florida Department of Environmental Protection (FDEP).

Staff Recommendation

Staff recommends Governing Board approval to publish a Notice of Rule Development to amend Chapter 40E-4, F.A.C., and the Basis of Review for Environmental Resource Permit Applications within the South Florida Water Management District (Basis of Review) to implement changes in the listing status of the bald eagle consistent with the FFWCC listing and to incorporate any required management plans for the bald eagle into the District's rules in coordination with the other water management districts.

Background

Pursuant to Rule 68A-27.0012, F.A.C, on April 9, 2008, the Florida Fish and Wildlife Conservation Commission (FFWCC) adopted a Bald Eagle Management Plan as part of the process for removing the bald eagle from the State of Florida's list of threatened species. The FFWCC has determined that the bald eagle should be removed as a listed species since (1) bald eagles occur throughout the state; (2) the population does not experience extreme fluctuations in distribution or numbers; (3) the estimated number of adults has increased more than 300% during the past three eagle generations; and (4) the population is not projected to experience significant declines over the next three eagle generations. As a result, the FFWCC has finalized the de-listing of the bald eagle through it's recent rule adoption.

The District's Basis of Review includes a table (4.2.7-1) of Listed Wildlife Species that are Aquatic or Wetland Dependent and that use Upland Habitats for Nesting or Denning. Staff recommends that the table be modified to reflect the change in listing status of the bald eagle concurrently with the FFWCC change and to incorporate any recommended management plans for the bald eagle.

40E-0.105 Consideration of Intended Agency Decision on Permit Applications.

(1) After the application for a permit is declared by staff to be complete, if a governing board hearing on the permit application is required, the District shall prepare a Staff Review Summary, which shall contain its recommendations regarding the subject application and which shall constitute intended agency decision. A notice of intended agency decision together with the Staff Review Summary shall be furnished to the applicant and any persons requesting the same pursuant to Rule 40E-1.6058, F.A.C., as applicable. The notice shall state the District Staff's recommendation that the Governing Board approve, deny, or approve with conditions the permit application and the reasons therefore.

(2) The Governing Board shall consider the application for a conceptual approval, individual environmental resource, individual surface water management, or individual water use permit application at its next available regularly scheduled regulatory meeting following the mailing **either by regular United States mail or electronic mail** of notice of intended agency decision, unless an administrative hearing is requested and granted pursuant to Section 120.569, F.S.

(3) In no case shall agency action be taken later than 90 days after the application for a conceptual approval, individual environmental resource permit, or individual water use permit is declared complete unless waived by the applicant or stayed by the filing of a petition for an administrative hearing. The permit applicant may voluntarily waive the timeline for governing action on the permit application in Section 120.60, F.S., in order to resolve any outstanding issues, including third party objections, regarding the project.

(4) Because the Governing Board may take a final agency action which materially differs from the noticed intended agency action, applicants and other interested persons should be prepared to defend their position regarding the permit application when it is considered by the Governing Board. If the Governing Board takes final agency action which materially differs from the intended agency decision, the District shall mail a notice of the final agency action **either by regular United States mail or electronic mail** to all persons who were notified of the intended agency decision.

40E-0.109 Point of Entry Into Proceedings and Mediation.

Point of entry into proceedings determining substantial interests are governed by Rule 28-106.111, F.A.C., and this section.

(1)(a) "Receipt of written notice of agency decision" as set forth in Rule 28-106.111, F.A.C., means receipt of either written notice through **regular United States mail, or electronic mail**, or posting that the District has or intends to take final agency action, or publication of notice that the District has or intends to take final agency action.

(b) If notice is published pursuant to this chapter, publication shall constitute constructive notice to all persons. Until notice is published, the point of entry to request a formal or informal administrative proceeding shall remain open unless actual notice is received.

(2) If the Board takes action which substantially differs from the notice of intended agency decision, the applicant or persons who may be substantially affected shall have an additional point of entry pursuant to Section 28-106.111, F.A.C., unless otherwise provided by law. The Board action is considered to substantially differ from the notice of intended agency decision when the potential impact on water resources has changed.

(3) Notwithstanding Rule 28-106.111, F.A.C., intended agency decisions or agency decisions regarding consolidated applications for Environmental Resource Permits and Use of Sovereign Submerged Lands pursuant to Section 373.427, F.S., shall provide a 14 day point of entry to file petitions for administrative hearing under Rule 28-106.111, F.A.C.
