

25 Years Service Recognition

Sandy Lee – Lead Millwright, Pump Stations
West Palm Beach Field Station, O&M

Sandy Lee began his employment February 22, 1983 as a Pump Station Trades Helper/Oiler with the Pump Station Maintenance Crew. In 1985 Sandy was promoted to Maintenance Mechanic 1, then in 1987 to Maintenance Mechanic 2. In 1992 Sandy was promoted to Pump Station Machinery Mechanic. The position later became Trades Support Millwright. Sandy has served in this position for the past fifteen (15) years. He has extensive technical knowledge of diesel engines, large pumps and ancillary equipment in the Pump Stations and has led work crews in major repair work over the last fifteen (15) years. Sandy was recently promoted to Lead Millwright.

When Sandy is not working he spends time with his family and friends camping and enjoying the outdoors in Okeechobee and in North Florida. Sandy has already purchased a piece of property in a little town in North Florida, Ft. White, where he plans to one day retire to relax and enjoy the grandkids.
