The Employee Committee, unlike other Teams of the Month, is a voluntary group of employees who spend countless hours coordinating employee activities.

In this year alone, monumental efforts were made to enhance Employee Committee activities. With the current work load and limited resources, the District's Leadership Team, under Tom Olliff's direction, fully supports the Employee Committee and feels that with all that employees' are being asked to do, the least we can do is make it fun. The Employee Committee is chaired by Rosanne Smith, Employee Relations Manager, and is comprised of a cross-section of employees throughout the District.

A short slide presentation that highlights the outstanding efforts of this extraordinary team will be presented.
