Gentlemen:

In response to recent concerns about the particular climate data used in modeling, South Florida Water Management District is hosting a one-day public workshop on **Impacts of Long-term Climate Changes on Regional Modeling**, to be held at SFWMD Headquarters, 3301 Gun Club Road, West Palm Beach, Florida on Tuesday, August 15, 2006. We invite your agency to participate in the workshop. If you wish to participate, please identify a contact person at your agency so that we can work together to prepare an agenda. You can contact me at 561-682-6503 or our workshop coordinator, Pattie Fulton at 561-682-6154.

In preparation for the workshop, we have written a technical paper titled "*Consideration of Long-Term Climatic Variation in SFWMD Planning and Operations.*" This paper is currently being reviewed externally. We welcome your comments on this paper, a copy of which is included. Additional copies can be provided electronically by contacting Pattie Fulton at 561-682-6154 or pfulton@sfwmd.gov.

Sincerely,

Jayantha Obeysekera, Ph.D., P.E.
Department Director,
Hydrologic and Environmental Systems Modeling
