Station is located on canal 23 in St. Lucie County, Florida.

To reach from the West end of the Palm City Bridge go west on state road 714, 0.4 mile to a right angle turn to the south, thence north and west 6.9 miles on a winding road to the west side of sunshine state parkway, thence south 0.3 mile to c-23, canal, thence westerly along canal on a dirt road, 0.65 miles to station location.

Station is located on sandy bank next to a fence line, 192 feet from north bank of canal south 64-1/2 degrees west 282 feet from a 6 inch pine tree and north 82 degrees west 295 feet from a water pump.

Mark is a USACOE bronze disk set in top of a 3 inch iron pipe embedded in concrete and projecting 1.5 above the ground.

Description

A USACOE bronze disk set in top of a 3 inch iron pipe embedded in concrete and projecting 1.5 above the ground.
