

ORF-60: Take I-4 to Lake Buena Vista Exit, proceed north on SR 535N, go to second light and turn left (on the corner is a 7-11 and my favorite the Orlando Ale House) alot of construction as you wind around, continue for a number of miles until you see a major light, the road (Reams Road is well marked take a left on Reams road) proceed 2 miles until you see the employee entrance to Disney, called Center Drive or Cast Way. Go through the guard house keep going straight about .4 miles until you reach the energy plant on right and a four way stop, take the second right turn that is marked Florida Way, once on Fla Way proceed 2.6 miles through the Disney parking, two golf courses, hotels and the monorail, finally you will come to a stop sign and that will be Bear Island Rd., take a right and proceed 1.3 miles until you see the water plant on your left, turn on South Entrance Road and proceed past the first office complex and go the fence where you cannot go any further, off to your left you will see large water tanks painted blue the well is behind the parking on your left. The well is on a cement pad with yellow blind flange.
