NOTE: The 1988 elevations for E-1 Structure, Lake Worth Road and Pioneer Road have not been established by conventional methods. The elevations were generated by subtracting 1.47', the difference between 1929 and 1988 as shown by the difference between 1927 and 1988 elevations on the benchmark *Allison* as published by P.B. County. The Boynton Beach 1927 elevation was established using a CERP benchmark C561 which has a published 1988 elevation and adding 1.47'.

I hereby certify that the information is true and correct to the best of my knowledge and belief.
