**Subject: Survey Report
Structure 65-C "Artesian Well Head"
Highlands County, Florida.**

Dear Mr. Conrad,

On August 27, 2003, Tradewinds Professional Services (TWPS) established the following elevations on the above referenced site.

Following are the values and reference data for the collected elevations and control point(s) utilized during this survey:

Collected Elevations (6" pipe set in concrete)

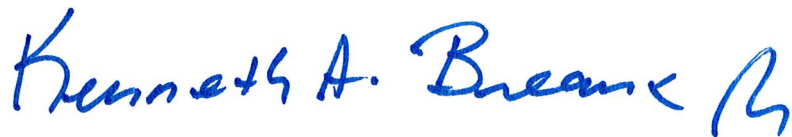

Top of 2" threaded PVC Plug:	42.49 (two plugs, each measured at same elevation)
Top of highest concrete "step":	40.51
Top of lowest concrete "step":	39.82
Top of adjacent grade (ground):	39.2 (average elevation)

Reference Bench Mark(s)

NAME: "H-4" (FCD) South Florida Water Management District bench mark
ELEVATION: 39.54 feet (National Geodetic Vertical Datum, 1929 adjustment)
DESCRIPTION: Standard 4" diameter brass disc stamped "BM FCD H4".
LOCATION: Set in the North side of the West headwall of C-38's (Kissimmee River) Structure 65-C.

*old well head
Use highlighted
benchmark for future
work at S-65C.*

Should you have need for further services, information or clarification on this data, please feel free to call me.
