

Directions to Moss Park

- 1) Take the Turnpike north to SR 528.
- 2) Take SR 528 east to SR 15 (Narcoosee Road).
- 3) Go south on SR 15 for 2.5 miles to Moss Park Road.
- 4) Go approximately 2 mile on Moss Park to conjunction with Wewahootee Road. There is no road sign. However, it can be distinguished by a veer in the road.
- 5) Stay on Moss Park Road by veering right (south) then follow bend going east.
- 6) Enter park and follow road to well site.
- 7) The address is 12901 Moss Park Road. The contact person is Mr. Billy Ray (407) 836-6200
8. The following is from Jim Adamski's email 7/3/02:

"There are two wells at Moss Park. There latitude and longitude are 282241 811128. The elevation of the deep well (480 ft deep) is 68.69 ft above mean sea level (MSL). The altitude of the shallow well (29 ft deep) is 69.05 ft above MSL."
9. A site map and extra info is given by Chris Sweazy below on 2/6/02.
