

## SFWMD – Laboratory Workshop

Environmental Sampling and Laboratory Analysis Workshop Educating the Environmental Community on Sampling and Laboratory Requirements for CERP Programs

**The South Florida Water Management District will be conducting a QA/QC Laboratory Standards Workshop during the Florida Regional Minority Business Council's Annual Trade Show**

- ◆ The District is holding this workshop to educate the consulting and engineering communities on DEP's, District's and CERP requirements on environmental sampling, laboratory analysis, and data validation and on District's Procurement Policies and Opportunities. This workshop should also facilitate networking among consultants/engineering communities, sampling agencies, laboratories, and District project managers.
- ◆ This Workshop will demonstrate the new Automated Data Processing Tool (ADAPT). ADAPT is an electronic data deliverable (EDD) and validation tool program.
- ◆ In addition, Project Managers will review process used by the South Florida Water Management District for Quality Assurance (QA) and Quality Control (QC)

**When:** Friday, March 12, 2004 11:00 am to 4:00 pm

**Where:** Broward Convention Center, 1950 Eisenhower Blvd.  
Fort Lauderdale, FL

**R.S.V.P.:** Nilda Lutter 561-681-2500 ext. 4502  
800-432-2045 ext. 4502 or Sandra Hammerstein ext. 2847  
Water Quality Analysis Division
